Note: The Berner-Garde Foundation (BGF) was established to collect, maintain, and disseminate information about genetic diseases observed in the Bernese Mountain Dog. The BGF database contains information which has been compiled over many years from voluntary submissions of data from owners and breeders as well as other public sources of information. Information in the BGF database is available to all owners, Bernese Mountain Dog clubs, both national and international, veterinarians, researchers and other appropriate users who are working to reduce genetic disease in the BMD. The BMDCC strongly encourages that its members become familiar with and maintain their own dog's information in this database accessed through the Berner-Garde Foundation's website at www.bernergarde.org.
